## Depth Stop Set

Depth Stop Set for 1622, 1623, 1624, 1630, 1663, 1664 drills  
Ø 10 - 50 mm, incl. a nipper.

For drilling stud holes with exactly the same depth at all times. The bushings are rotatably supported by ball bearings and thus produce no disturbing marks on the workpiece surface. For larger drilling depths, it is possible to mount the guide bushing in reverse form, so that you can reach a larger adjustment of the depth stop.

**Art.-No.: 1621.200**

96,50 €\*

## Extension Set, 3 pcs.

3 pcs. set in wooden case IØ 8mm, GL 80, 125, 250.

Shank of Ø 10 mm, or 13 x 30 mm. With 4 attachment screws (120°offset) for fixing. Solid quality. The shank of Ø 13 mm has 3 clamping surfaces. For the extension of all cylinder boring bits or all tools with Ø of shank 8, 10, 12, 13 mm. Perfect for drilling deep holes, also for turnery.

## Right-Angle-Driver 90fix Set

Solid right-angle-driver with aluminium housing and bevel toothed metal gear wheels (ideal transmission of force). Take-up device for all 1/4" bits and drilling tools (e.g. product line 1596) with bit shank. Angle of screwing 90°, exchangeable plastic handle. Perfect hold of the bit shank due to built-in magnet. Professional screwing and drilling "to the last corner" with cordless screwdriver. Maximum transferable torque 50Nm. Ideal for screwings with a cordless screwdriver in a small space. Works well in combination with product lines 1596/2596.

Set in wooden case with Right-Angle-Driver, brad point drill bits Ø 3, 4, 5, 6 mm, countersink & chuck holder.

**Art.-No.: 1598.757**
